SUMMARY

Motivated IT student seeking an internship opportunity to apply and expand my knowledge in web development. Skilled in building responsive user interfaces using HTML, CSS, Svelte, and JavaScript frameworks, with hands-on experience in backend technologies such as Laravel and MySQL. Familiar with modern development tools like Git, Docker, VS Code, and design tools such as Figma and Draw.io. Passionate about clean, maintainable code, testing, and problem-solving. Known for being responsible, respectful, and a fast learner, with excellent communication skills and the ability to adapt quickly to new environments and technologies.
